This practice has been abandoned and a lump transfer of 30 per cent. of the total charges appearing under the minor head "Charges of District Administration" is now made to the head Law and Justice. Further, the charges on account of revenue talayaris hitherto shown under the minor head "8—Land Revenue—Allowances to district and village officers" are now transferred tothe head "20—Police." (*a*) Exchange represents the difference between the equivalent of the sterling amount converted at 16*d.* the rupee and at the average rate or at contract and fixed rates The usual practice in the past has been to calculate the gain or loss by exchange with reference to the amount of remittance assumed to be made from India to England to meet the net expenditure of the Government of India in England. The gain or loss so calculated was adjusted partly under Revenue and partly under Capital accounts by *per contra* debit or credit, as the case might be, to the head "Exchange on Remittance Accounts" under which all transactions had been recorded during the year. This procedure has been abandoned and the actual gain or loss by exchange on the actual remittances between India and England is now shown as a credit or debit under "Exchange" without regard to the amount of net expenditure in England for which remittances from India may be necessary. The profit or loss arising on the remittances of funds for the Gold Standard Reserve is, however, credited or debited to that Reserve. As a consequence of the above, Account No. 99, which showed the transactions under "Exchange on Remittance Account" has now been abolished.

(*b*) The average rate of exchange on council bills drawn during the year was thus 1*s.* 4·0045830*d.* the rupee and on sterling bills on London 1*s* 3·8782681*d.* the rupee.

(*c*) Amounts of sterling bills and telegraphic transfers on London sold during 1914-15 and the actual rupee value received in respect thereof were—
